FOCUS ON FISCAL RESPONSIBILITY

FISCAL YEAR 2025-2026

The Focus on Fiscal Responsibility Budget

Overview, Debt Reduction, and Reserves

The Governor's Focus on Fiscal Responsibility Budget for Fiscal Year 2025-2026 totals **\$115.6 billion**, more than **\$3.0 billion** lower than the current year budget, and continues the Governor's commitment to fiscal responsibility. Of the total **\$115.6 billion**, the General Revenue portion is **\$50.2 billion**, a **\$383.4 million** increase over the current Fiscal Year 2024-2025 General Revenue budget. Florida's total reserves are **\$14.6 billion**, over **12.5 percent** of the total budget for the fiscal year, leaving ample resources for any unforeseen circumstances. Florida's continued prioritization in maintaining reserves, and prudent fiscal management, is demonstrated by the state's continued AAA credit rating from all major credit rating agencies, which now exceeds the U.S. Government's credit rating. Additionally, the Governor's Budget eliminates **741** government positions to operate a lean and streamlined government that maximizes taxpayer resources.

Debt Reduction

Florida's blueprint for sound fiscal policy includes an effective Debt Reduction Program, established by Governor DeSantis. The Governor has set a goal to pay down **50 percent** of the state's tax-supported debt by Fiscal Year 2027-2028. With this investment, Florida will have paid down **48.7 percent** of the total tax-supported debt by the end of Fiscal Year 2025-2026. Florida is evidence that fiscally conservative principles coupled with strong leadership will result in a strong economy, a balanced budget, and healthy reserves while still providing record funding for education and environmental priorities.

Maintaining Strong Reserves

The Focus on Fiscal Responsibility Budget continues to prioritize healthy reserves that ensure Florida can effectively respond to storms and unforeseen disasters, providing for both a balanced budget and **\$14.6 billion** in total reserves as follows:
